Board member Terry Ford made a motion to approve the agenda, Board member Jeff Stone seconded the motion. Carried 3-0.

**APPROVAL OF THE MINUTES**

Board member Jeff Stone made a motion to approve the minutes from July 22, 2021. Board member Terry Ford seconded the motion. Carried 3-0

**REPORTS**

Director of Public Works Simon Wiley reported that his report is within the New Business portion of this meeting.

Assistant Director of Public Works Zach Day reported that Public Works is continuing to use a selective herbicide in the ditches to regain control of the vegetation.

Board Member Gary Aldrich reported that the Denver ditch is looking good.

**PUBLIC FORUM**

No Speakers

**NEW BUSINESS**

Board member Gary Aldrich introduced Jeff Stone and welcomed him to the board. Gary stated that it has been a while since the Stormwater board has had a quorum and he is hopefully we will now be able to make some progress.

Director of Public Works introduced engineer Charles Wolfman with Wilson and Co. Engineering. Wilson and Co. Engineering was contracted by the City to perform a stormwater analysis of channels IV and VI that drain to the area north of 61<sup>st</sup> Street and drain to the west towards I-135 (the "Horseshoe" area). Charles provided an update on the progress of the study and showed preliminary plans that are being developed to present to council. Discussion was asked regarding the type of grass that will be placed into the ditch and Simon stated that it will be determined at a later time and will be based on the engineer's recommendation.

**ADJOURN**

6:44 p.m.

Board Member Terry Ford made a motion to adjourn the meeting Board member Gary Aldrich seconded the motion. Carried 3-0.
